Availability: Please check our online calendar for available dates (call to confirm)

Scheduling Contact: 916-566-2478

Facility Description

The SAFR facility includes 3 traditional ranges, a 360 degree, frangible ammunition shoot house and meeting area.

Range #1 – is a 25 yard, partially enclosed shooting range with 16, remotely controlled, turning targets. The range is rated for all handgun ammunition and rifles up to .308 caliber. 5.56mm green tip/steel core ammunition, armor piercing ammunition, incendiary ammunition, shotguns and less lethal ammunition are not acceptable for use on this range.

Range #2 – is a 25 yard long, 45 foot wide, outdoor range with an all weather / drivable surface. The range is rated for all calibers up to and including .50 BMG. Armor piercing and incendiary ammunition are not acceptable for use on this range.

Range #3 - is a 50 yard long, 123 foot wide, outdoor range with a fair weather surface. The range is rated for all calibers up to and including .50 BMG. Armor piercing and incendiary ammunition are not acceptable for use on this range.

Shoot-house – is a 2300 square foot, covered, open air facility. The range provides a controlled, 360 degree shooting environment for special teams training. The range is limited to frangible pistol ammunition only.

Building #712 – is a meeting area with seating for about 30. This area is available free of charge with the rental of any of our ranges, on a first come-first served basis.

Requirements & Restrictions

Everyone entering the range/shoot house must wear ear and eye protection.

No Exceptions!

Safety Rules and Regulations are posted in various locations at the site; please make sure that they are understood. If you have questions please ask.
